

## **Turkey Hunters prevail and have fun!**

November 21<sup>st</sup> 2009, The GHSC held its annual turkey shoot.

This year many young shooters participated and had a wonderful time.

There were Novice 16 yd shoots, Intermediate and expert; Continental seemed to be a favorite This year and there was even a slider that took place! The 5- Stand was running all day and trap

5 was open for those who just wanted to practice for a full round.

Everyone went away happy and said they'd look forward to next year when their shooting skills were a bit better. It was good to see some familiar faces but also good to see the young new shooters and the families that participated in the day's events!

Thanks to Mike Levanger and his group of volunteers for running a smooth and fun shoot.
