Appreciated ~*

GHSC Spring Highway 16 Clean-up Saturday, May 14, 2011

We had a good time at this year's Highway clean-up event. Good turnout and good weather made for an 'enjoyable' time!

This year's Highway 16 Clean-up event started well, with good mid-May weather, cool enough to be welcome while doing the road-side trash pick-up and dry enough to make the task *almost* enjoyable!

Nineteen brave, intrepid souls turned out for this event. This is a vast improvement over last year's meager six participants. This wonderful, hard working team managed to fill 46 bags of roadside trash! Last year's count was 18 bags, so again more volunteers makes for an easier time, more fun and much more trash removed from our otherwise beautiful highways!

After the task was complete, we adjourned to the Lee Meyers Memorial picnic area for lunch. The meal consisted of Subway sandwiches made to order, chips, candy and beverages (non-alcoholic, of course) all on the club's dime. The camaraderie during the meal was especially meaningful as the team came together after giving up their Saturday Morning for the greater good.

All in all this was a good event for GHSC members to have engaged in. It shows the community that our members care about more than just the club's grounds; that we care about the greater good of the place we call home. It shows that members of this great club can and will do things that serve the wider community. It is a tribute to the club members' Can-Do spirit and its willingness to do good works outside of the club's activities. This is the mark of a great group of people!

The participants were;

Tim and Gitti Anable
Darren Foreman
Gene Barton
Dennis Sam
Ben Pearson
Steve Tinner
Scott Brady
Dave Sypher

Chuck and Caroline Nicodemus
Roger Aiken
Le and Jeanne Rodenberg
Jane Moreland
Jim Moren
The *Red Menace*
Marcie and George Pollett

Thanks all!
